About Me

A personal information about me, the careers I am interested in, and some of my projects.

Hello, I'm Moch Achmar. I am an enthusiastic and highly motivated computer engineering student with a great interest in technology and programming. I have taken courses in programming, data science, UI/UX design and cloud computing where I have developed skills in languages like Python, C++ and JavaScript. I actively participate in group projects related to cutting-edge technology.

Nama : Moch Achmar  
Student ID Number : 200362  
Company/Institute : Elips Makassar University  
Class :  
Degree : Informatics Engineering  
Phone : +62851905054  
City : Makassar, Indonesia

Skills

I have cultivated and honed my skills in web development.

I am committed to integrating my expertise in HTML for structuring content, CSS for styling, and JavaScript for interactive and dynamic functionalities to create compelling and user-friendly web solutions.
